Vehicle Tracking And Trip Maps Quickly Pinpoint Your Vehicles

- See vehicles nearby for urgent call-outs.
- Colour-coded routes to show speed at each stage of the journey.
- Use Street View photography to see exact location of an incident.

Safe Speed Database Improve Driver Safety

- The "safe speed" is sometimes lower than the legal signposted speed limit. Know your "safe speeds" with Fleet Witness live Speed Database tracker.
- Fleet driving table reports.
- Educate drivers so they know the safe speeds on their route.

Unlimited Geofencing Alerts to your Inbox

- Specify an area where drivers should or shouldn't be operating.
- Set up "prohibited zones" - this can help avoid employees disappearing off to unauthorised zones. Set up "mandatory zones", the area that the vehicle must remain in
- Get instant email alerts allowing immediate response or enable a delay of your choosing.

Driving Style Analysis Reduce Costs and Manage Risk

- View driver speed, acceleration and braking.
- See driver speeds compared to other professional road users for the same stretch of road.
- Evaluate where driving styles can be improved to prevent risk of accidents and reduce fuel consumption.

Timesheet Reports Save Time and Reduce Costs

- Get daily timesheet reports for individual drivers or a group of vehicles.
- See details of journeys made including start / finish times, arrival at first destination and departure from last destination.
- Determine whether vehicles are used for unauthorised trips during the day or after hours.
- See time on site to assist with client queries, driver pay and customer invoicing.

Comprehensive Reports Improve Productivity

- Analyse the data to identify the best drivers, make sense of mileage and fuel costs, and remove regulatory paperwork headaches
- Access a vast, yet uncomplicated array of reports. Summary time sheets and out of hours usage can all be sent to your inbox.
- Web-based reports accessible anywhere.
